

BeReal Feature Focus Group — Discussion Guide

Feature: Real-Life Challenges

Duration: 40 minutes

Facilitator: Julio Coraspe

Date: [Insert date]

Warm-Up (5 mins)

1. How often do you use BeReal, and what makes you actually open the app on a given day?
 - ▶ **Follow-up:** *Is there a day where you skip posting? What usually happens?*
2. When you think about social apps in general, is there one that feels like it actually fits your life — not just another thing that asks for your attention?
 - ▶ **Follow-up:** *What makes it feel that way?*

Interest (5–7 mins)

3. When you first saw this feature, what did you think it was for?
 - ▶ **Follow-up:** *Did it feel like something that belongs in BeReal, or did it remind you of another app?*
 - ▶ **Follow-up:** *What specifically gave you that impression?*
4. Imagine a close friend sent you a message saying: 'I invited you to a Real-Life Challenge — accept it and start Day 1.' Would you accept it?
 - ▶ **Follow-up:** *Would your answer change if you did not have BeReal installed yet?*
 - ▶ **Follow-up:** *What would make you more likely to say yes — or no?*
5. Looking at the five challenge families — Movement, Mood, Care, Connection, Outside — did any of them feel like something you would actually want to do with someone?
 - ▶ **Follow-up:** *Was there a family or a specific action that felt like it was missing?*
 - ▶ **Follow-up:** *Which one felt most natural to your life right now?*

Usability (10–12 mins)

6. On the screen where you set up the challenge — picking the action, the person, the rhythm, and the proof type — how did that feel?
 - ▶ **Follow-up:** *Did it feel like too many decisions, or was it easy to move through?*
 - ▶ **Follow-up:** *Did it remind you at any point of a fitness app or a productivity tracker? Why?*
7. When you saw the onboarding card after accepting the challenge — the one that says 'You're in. Maya too' — did it make you feel ready to start, or did you still have questions?
 - ▶ **Follow-up:** *Were the three steps clear enough, or did you feel like you needed more explanation?*
8. After you posted your proof and saw the screen that says 'Day 1 done, two more to go' — what did you feel?
 - ▶ **Follow-up:** *Did that progress indicator feel motivating, or did it start to feel like an obligation?*
 - ▶ **Follow-up:** *Would you feel bad if you missed Day 2?*

Value & Impact (10–12 mins)

9. The next day, you get a notification that says: 'Maya drank her water. You up?' How does that make you feel?
 - ▶ **Follow-up:** *Does it feel like a message from a friend, or does it feel like the app is pressuring you?*
 - ▶ **Follow-up:** *Would that kind of message make you open the app, or would you ignore it?*
10. Do you think this feature fits with what BeReal is supposed to be — or does it start to feel like a different kind of app?
 - ▶ **Follow-up:** *Is there anything about it that feels authentic? Is there anything that feels forced?*
 - ▶ **Follow-up:** *If BeReal launched this, would it change how you think about the app?*
11. Is there a specific person in your life — a friend, partner, sibling — that you would actually start a challenge with?
 - ▶ **Follow-up:** *What challenge would you choose with them?*
 - ▶ **Follow-up:** *What would make you stop doing the challenge before it ends?*
12. Thinking about the whole experience — from setting up the challenge to posting Day 1 to getting a notification on Day 2 — does this feel like something that would make you use BeReal more?
 - ▶ **Follow-up:** *What is the main thing that would make you keep coming back?*

Wrap-Up (3–5 mins)

13. If you could change one thing about this feature — just one — what would it be?
14. Would you want BeReal to actually launch this?
 - ▶ **Follow-up:** *Would you tell someone about it?*

Post-Session Survey

Share your short survey link in the chat before participants leave.

Notes

- Observe participant reactions (tone, facial expression).
- Note any repeated confusion, hesitation, or excitement.
- Log direct quotes — they will help you write your final report later.
